

/home/sayan/week7-midterm
/kam/HUMAN-DETECTION/include
/train.hpp

```
graph TD; A["/home/sayan/week7-midterm  
/kam/HUMAN-DETECTION/include  
/train.hpp"] --> B[iostream]; A --> C[vector]; A --> D[opencv2/opencv.hpp];
```

The diagram illustrates the include paths for the file `/train.hpp`. A central box at the top lists the paths: `/home/sayan/week7-midterm`, `/kam/HUMAN-DETECTION/include`, and `/train.hpp`. Three arrows point from this box to three separate boxes below: `iostream`, `vector`, and `opencv2/opencv.hpp`.

iostream

vector

opencv2/opencv.hpp
